Public Hearing

- 1. Public Hearing – Changes to Chapter 193, Welfare Guidelines**

Submitted by Welfare Administrator Patricia Murphy

The Town Council will hold a public hearing to consider the recommended changes to Chapter 193 – Welfare Guidelines of the Merrimack Town Code, pursuant to Charter Article V, Section 5-3.

1 ***Chairman Yakuboff declared the Public Hearing open at 7:12 p.m.***

2
3 Patricia Murphy, Welfare Administrator, stated her recommendation to amend the welfare guidelines;
4 make corrections on references to the Town Charter (page 4) and delete reference to New Hampshire
5 RSA 167:27 (pages 18 and 27).

6
7 *Chairman Yakuboff opened the floor for public comment. No one from the public addressed the*
8 *Council.*

9
10 ***Chairman Yakuboff declared the Public Hearing closed at 7:15 p.m.***

11
12 Councilor Koenig stated his preference not to remove reference to State law. He does not believe it
13 appropriate to remove the reference based on the threat of potential litigation. He remarked if the State
14 law is in conflict With Federal law now it has been for some time.

15
16 Ms. Murphy noted State law previously prohibited individuals who were receiving Aid to the
17 Permanently and Totally Disabled (APTD) or Old Age Assistance (OAA) from simultaneously
18 receiving cash assistance from local welfare offices. An amendment change became effective on
19 January 1, 2014 allowing municipalities the option to provide assistance.

20
21 Town Manager Cabanel stated her understanding if an individual sought assistance and was already
22 receiving either APTD or OAA, assistance at the local level was immediately denied. With the change
23 in the law, municipalities can provide assistance taking into account income derived from APTD or
24 OAA. Ms. Murphy stated agreement.

25
26 Councilor Koenig questioned whether or not Federal law, which disallows discriminating against
27 individuals receiving APTD or OAA, has always superseded state and local law. Ms. Murphy
28 responded she does not believe it was challenged. Councilor Koenig commented that is what is being
29 threatened if the reference to State Law remains unchanged. Ms. Murphy commented there was a case
30 two years earlier wherein the State Supreme Court upheld the decision of the town to deny benefits;
31 however, the town could not deny if the individual was simply receiving medical under APTD; they
32 have to have received cash under APTD. She does not believe it has been challenged on the Federal
33 level.

34
35 Councilor Rothhaus commented taking into account income derived from either APTD or OAA to
36 determine eligibility rather than simply denying an individual based upon receipt of those types of
37 assistance is reasonable. What he finds annoying is the threat of litigation rather than a request for
38 change. Councilor Koenig echoed his comments. He reiterated he sees no harm in reference to State
39 law remaining as State law leaves it up to the municipality; Merrimack would not discriminate. He
40 added if believed necessary to adopt a policy stating the Town will not discriminate that can be done,
41 but simply removing reference as a result of being threatened with litigation, in his opinion, is wrong.

42
43 Councilor Mahon remarked in order to pursue that action the following language would have to be
44 removed from the guidelines: “No applicant or recipient receiving Old Age Assistance (OAA) or Aid to
45 the Permanently and Totally Disabled (APTD), under RSA 167 or 161, shall at the same time be eligible
46 for General Assistance, except for emergency medical assistance as defined in Section 193 10 (E)(8) of
47 these guidelines (RSA 167:27).”

1 Councilor Koenig remarked he can understand removing that piece of the language; however, what was
2 indicated to the Council was the desire to remove reference to State law. Councilor Mahon suggested
3 incorporating language such as recipients of APTD or OAA may apply for assistance; however, the
4 income will be taken into consideration when determining eligibility. When asked if that type of
5 language would violate State Statute, Ms. Murphy remarked if reference to State law remains, in the
6 future, an individual not having historical knowledge of the reason for the change to the guidelines
7 might be confused by the inclusion of reference to State law if it differs from language within the
8 guidelines. State law allows each municipality the option to consider providing assistance. The concern
9 was reference to State law could bring about the possibility for discrimination and/or litigation. That is
10 what resulted in the legal opinion to remove the reference.

11
12 Councilor Koenig stated agreement with removal of the portion of the prior State law, which was written
13 into the guidelines; however, does not believe it necessary to remove reference to State law as a result of
14 a threat of litigation.

15
16 Councilor Rothhaus questioned whether there was a point in time when income received from either
17 APTD or OAA were such that it would disqualify individual(s) for local aid. Ms. Murphy responded
18 she is unclear on the history of the law. From what she has been told by others who have more historical
19 knowledge than she is that it was considered double-dipping. She remarked the State law did not speak
20 to other types of assistance, e.g., assistance for the blind, for families with children, etc.

21
22 Councilor Mahon commented his muddled recollection of the discussion is that part of the reason was to
23 relieve towns of the responsibility for taking care of the people who qualified for these forms of
24 assistance. Discussion was around how much the town was liable for and how much the county was
25 liable for. At one point, the town was responsible for the first year of assistance, the county the second
26 year, and then it came back to the town.

27
28 Councilor Rothhaus spoke of his frustration with the way the issue was brought forward. Councilor
29 Mahon suggested the Council could choose to respond with a letter of its own stating the Council takes
30 its duties seriously and acts in a responsible fashion. Councilor Boyd commented the matter could have
31 simply been brought to the attention of the Council. Councilor Dwyer suggested by responding you
32 give them stature that is not deserved. Vice Chairman Harrington commented the bottom line is the
33 Council is taking this action because it is the right thing to do. Removing the language will also avoid
34 confusion that could come about at a later date.

11 *Submitted by Captain Dudash*

12 The Town Council to consider the acceptance and expenditure of a donation of \$1,354.04 from
13 Crimeline and a donation of \$500.00 from an anonymous Merrimack resident for the Merrimack
14 Police Department's K-9 Program, pursuant to Charter Article 8-15 and RSA 31:95-b.

15
16 Captain Michael Dudash, Merrimack Police Department, spoke of receipt of two donations; one from
17 Crimeline in the amount of \$1,354.04 and one from an anonymous Merrimack resident in the amount of
18 \$500.00. Requests were made for the donations to go towards the K-9 Program. The Council was asked

31 **2. Polling Location Discussion**

32 *Submitted by Town Manager Eileen Cabanel*

33 The Town Council to determine the polling location for the September State Primary and the
34 November general election.

35
36 Town Moderator Lynn Christensen, stated her opinion the September Primary Election be conducted at
37 the James Masticola Upper Elementary School and the November General Election at the High School.
38 When asked, she stated the locations will be able to accommodate the elections.

39
40 Councilor Dwyer remarked he is in favor of maintaining the consistency of having elections at the
41 middle school, although he believes it reasonable to conduct general elections at the High School given
42 the larger turnout. Ms. Christensen responded with the way it is being proposed it will be known the
43 November election is always at the High School. She commented the first year a second polling place
44 was utilized was due to size restrictions of the upper elementary (challenging with a voter turnout of
45 6,000). The last few mid-term elections have seen a voter turnout of roughly 9,000. Councilor
46 Rothhaus remarked given the proximity of the two buildings, it is just a matter of signage to ensure
47 voters are aware of the polling place.

1 **MOTION** made by Councilor Mahon and seconded by Councilor Rothhaus to accept the
2 **recommendation of the Town Moderator to conduct the September Primary Election at the James**
3 **Mastricola Upper Elementary School and the November General Election at the High School**

4
5 ON THE QUESTION
6

7 Town Manager Cabanel noted there to be a formal process whereby the Council establishes the
8 boundaries. She noted RSA 658:10 states in part: “at least 30 days before the next following general
9 election, determine the boundaries of the voting district to be served by each such additional polling
10 place.” As the last polling place was the High School, it would be necessary to address the change.
11 Town Moderator Christensen stated the RSA is intended to address additional polling place(s). Unless
12 there are to be additional polling places, it is not necessary to formally determine the boundaries as the
13 boundaries are the entire town.

16 **3. Proposed “Tiered” Sewer Access Fee Structure**

17 *Submitted by Community Development Director Tim Thompson, Public Works Director Rick*
18 *Seymour, and Wastewater Treatment Facility Assistant Director Jim Taylor*

19 To consider a recommended proposed revision to the existing Sewer Access Fee Structure.
20

21 Town Manager Cabanel informed the Council this issue has been discussed for some time in relation to
22 new, larger businesses coming to town. Specifically, the topic came to light during discussions of a
23 potential hotel on the pad site of the Merrimack Premium Outlets. Upon review of sewer access fees for
24 such a project, it was felt they would be onerous and may exclude some businesses from coming in. A
25 request was made for Timothy Thompson, Director, Community Development, Rick Seymour, Director,
26 Public Works, and Jim Taylor, Assistant Director, Wastewater Treatment Facility to work
27 collaboratively to devise a tiered approach to the fee structure.
28

29 Assistant Director Taylor stated the original \$10/gallon connection fee was approved by the Council in
30 2009 as part of an overall rate study. That fee was developed based on industry standards, and is
31 assessed based on the value of the complete wastewater plant sewer system and the design flow. It is
32 essentially a system development charge. People connecting are basically paying for a system that
33 others have already paid for (buying into the system).
34

35 Currently a homeowner connecting to the sewer system incurs a \$2,000 cost. All other users pay
36 \$10/gallon, e.g., if a 100/gallon/day connection the cost would be \$1,000. The recommendation for a
37 tiered structure is that all entities incur a baseline (connection) fee of \$2,000. The second tier (1,001 to
38 5,000 gallons) would be at a cost of \$5/gallon, and the third tier (5,001 up) at a cost of \$2.50/gallon.
39

40 As an example, a request for 5,200/gallon/day, under the current structure, would incur a connection fee
41 of \$52,000. Under the proposed structure, that same request would incur a fee of \$30,500. The
42 differential would be \$21,500. As the full allocation request increases, the differential becomes greater.
43

44 Assistant Director Taylor explained part of the rationale for the recommendation is that when a high
45 volume user comes to town it will incur a much higher sewer fee, e.g., a 5,000/gallon/day user would
46 incur a cost of \$5,372 whereas a 10,000/gallon/day user would pay close to \$11,000. Given the fact
47 there is a relatively small connective base it would be advantageous, e.g., ability to spread cost over a
48 larger base.
49

1 Assistant Director Taylor noted the consultants that assisted with the original rate study are working on a
2 tiered system for the Town of Newington, which is similar to what is being proposed here. He noted
3 RSA 149 allows the Council to set rates from time to time and in a fair and equitable manner. When
4 asked, he stated the average gallons/per/day for a household to be 200, which is based on evidence that
5 has been acquired through flow analysis.

8 **tiered sewer access fee structure to a second reading/Public Hearing. MOTION CARRIED 7-0-0**

43 Councilor Boyd stated, in honor of Public Works Week, he wished to commend the students of the
44 Reeds Ferry School, Thorntons Ferry School, and the Masticola Elementary School for the wonderful
45 color drawings they have decorated the Town Hall with.
46

47 Councilor Boyd remarked the Parks and Recreation Committee, through the Dog Park Sub-Committee,
48 applied for a grant. The top five communities receiving the most votes on the website
49 (www.petsafe.net) qualify for grant funding. The grand prize is \$100,000. Four runners up will receive

1 \$25,000. The Director of Parks & Recreation has added to the challenge, if Merrimack is in the top five,
2 he will participate in the dunk tank. Councilor Boyd has offered to take a polar plunge into Naticook
3 Lake should Merrimack come in the top five.

4
5 Councilor Boyd reminded the Council and viewing audience Hannah Vaccaro is putting on her third
6 annual Race To Lace 5K on May 31st at 10:00 a.m. Ms. Vaccaro raises funds for an orphanage in Haiti.
7 Additional information can be found at www.feedtheneed5k.com.

8
9 Councilor Boyd spoke of receiving a certified notice regarding a proposed cell tower. The application
10 will be before the Zoning Board of Adjustment on May 28, 2014 at 7:00 p.m. AT&T is proposing to
11 construct a 150' cell tower on a residential property. He stated he has grave concerns and believes it
12 absolutely impacts the character of the community. He encouraged those living in the vicinity of Joppa
13 Road, Bedford Road, Patten Road, Ridgewood Drive, and the surrounding area to attend the meeting
14 and allow their voices to be heard. Councilor Boyd remarked Merrimack is the 23rd Best Community in
15 the Country and #1 in the State of New Hampshire, which is something to take pride in. He does not
16 wish to set precedent by allowing cell towers to be placed in residential neighborhoods.

17
18 Vice Chairman Harrington stated a concern with utilizing the opportunity provided Councilors to
19 address the public as an avenue for personal opinion/public appeal on personal and/or neighborhood
20 issues. She commented she has taken great pains to avoid doing that, asked to be informed if other
21 Councilors believed her to be reacting inappropriately, and offered to apologize if that were the case.
22 Councilor Boyd stated there to be no reason to apologize.

23 Councilor Rothhaus spoke of the Public Works barbecue that took place, and commented of the
24 drawings submitted, 6 were chosen (2 from each grade K-2) and the artists given a street sign with their
25 name on it as well as a hard hat. He spoke of how he enjoyed the event, and appreciated the effort put
26 forth to recognize the work performed by these employees.

27
28 Chairman Yakuboff displayed one of the challenge coins that can be purchased (\$10.00) to support the
29 construction of the Fraser Square Veterans' Memorial. The coins can be purchased in the Finance
30 Department at Town Hall. Also available for purchase are bricks that can be used to memorialize a
31 family member who served in the armed forces. Director Micali noted the items are also available to be
32 purchased at the Legion and VFW.
